

Help Make A Difference at Daffron!

K&E (Kids for Saving the Earth), winners of the Keep Plano Beautiful Environmental Club of the Year award in 2005, invites you to join them in an exciting and rewarding environmental club that meets once a month after school.

K&E will be expanding our Butterfly Habitat with the help of a native plant specialist, taking an exciting field trip (or two), educating the Daffron community about recycling, and other environmental activities.

For 3rd, 4th, and 5th graders that are excited about conservation and the environment, please join us for some serious fun and work! That's right—we're expanding our wildflower acreage! Meetings will be held the 3rd Thursday of every month with several additional meetings added when necessary.

We will be getting new T-shirts this year and our first meeting will be September 22!

**Cost for participating in K&E is \$10 for the school year. T-shirts will be additional!

Yes! I am interested in joining K&E!
