## SAGE stands for: Special And Gifted Education.

The Plano Council of PTAs established the SAGE committee to provide an opportunity for families and teachers of students who learn differently to share resources and friendship. If you or someone you know has a child who participates in Special Education, the PACE (Gifted and Talented Program) or simply is an exceptional diverse learner, this is your chance to come together with others!

## Communication

The primary objective of SAGE is to promote dynamic communication between educators, families and the community. It is through cooperation that we help ensure that all diverse learners derive the most from

their education. The SAGE website at [www.planopta.org/sage.htm](http://www.planopta.org/sage.htm) is communication central with event calendars, updates, resource links and contact information for local school chairpersons.

## Support

SAGE facilitates the formation of special interest groups so that families can share the information that is most relevant to their needs.

Support group listings by interest and/or campus can be found on the SAGE websitelink at:  
[www.planopta.org/sage.htm](http://www.planopta.org/sage.htm).

**No matter** where you may be on the path of educating your children, there are families who have traveled ahead of you and families who will follow after you. It is vital that we combine our knowledge, our experience, and our resources to benefit all our children along the way.
